FCL-TALK

hosted by FCL Module 8 - Mobility and Transportation Planning

Professor Barry Wellman, University of Toronto

Networked: How the turn to social networks, the personalized internet, and always-on mobile devices have created a new social operating system

LOCATION

ValueLab Asia
Singapore ETH Centre
CREATE Tower
NUS University Town

DATE & TIME

Friday, 19 July 2013
3:00 pm – 5:00 pm

REGISTRATION

The talk is open to public and free of charge.

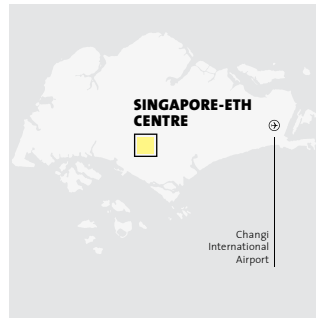

ABOUT THE TALK

Dr Wellman will talk about the structural changes in Western societies that promote Networked Individualism and discuss its implications for new forms of community, family, and work.

ABOUT THE SPEAKER

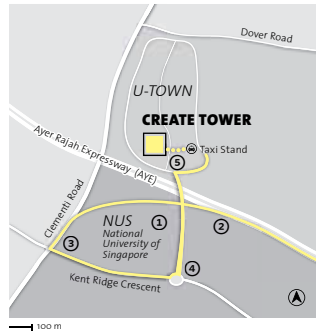

Sociologist Barry Wellman directs the NetLab at the Faculty of Information, University of Toronto. He will speak on the research developed in his book, *Networked* (with Lee Rainie, MIT Press). Wellman founded the International Network for Social Network Analysis in 1977, and has done much work studying networked community and work. He is a Fellow of the Royal Society of Canada, and the winner of multiple career achievement awards.

HOW TO GET TO THE **VALUE LAB ASIA** AT THE FUTURE CITIES LABORATORY BY TAXI OR PUBLIC TRANSPORT

TAXI

- 1 Tell the taxi driver to drive to NUS
- 2 On AYE take exit 9 to Clementi Road
- 3 Turn left at first junction, follow the street to the first roundabout
